# COMPLEMENTARY COURSE SELECTION

Pick your top choices, ranking them in order of preference below. When you go to select your options on PowerSchool, please do not choose more courses than what will fit in your regular 8 block timetable. Your ranked choices may be used by student services to replace an unavailable course. Choose thoughtfully - it may be difficult to change complementary courses at a later date, as space is often limited. Please note: grade 11s can only have 1 spare, course offerings are subject to change, and top choices are not guaranteed.

## Important Reminders:

- If you are in partial IB, be sure that you have selected at least 2 IB courses between the front and/or back side of this page
- To choose complementary IB courses below, you must be in an IB program and have successfully completed all prerequisites
- Career & Technology Centre courses are available offsite - if interested, reach out to your guidance counsellor to discuss
- Courses marked with an asterisk (\*) have a component that takes place outside of the regular timetable, before school
- If choosing Band or Band IB, please ensure it is listed as your #1 non-academic option

CTS		Fine Arts		Languages - Experience Required	
Business Inter IB	#	Art 10	#	French (FSL) 20	#
